

Redbridge Neighbourhood Community Infrastructure Levy Funding Programme

We are launching a new Neighbourhood Community Infrastructure Levy (NCIL) funding programme.

NCIL is a portion of the Community Infrastructure Levy (CIL) awarded to local people to initiate and support community-led projects.

Cast your vote for priority projects

Please cast your vote by ranking your top 6 priorities from the themes below. The themes which attract the most votes will be prioritised for funding.

To vote, please log in to the Let's Talk Redbridge platform via this [link](#). The window to cast your vote is open between **22nd May and 3rd July**.

Projects which support greening and landscaping initiatives.

Projects which promote active travel, i.e. walking and cycling.

Projects which tackle the impacts of climate change.

Projects which safeguard against crime and improve community safety on our streets.

Projects which promote health, wellbeing and fitness for all ages and abilities.

Projects which strengthen our arts and cultural offer and make it accessible to all.

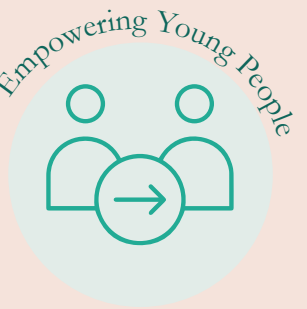

Projects which provide affordable homes.

Projects providing access to higher education, apprenticeships, support into work and career pathways.

Projects which provide financial support or help to reduce household costs.

Projects which encourage youth representation, provide mentoring, and help young people to explore their interests and potential.

What happens next?

Once all the votes have been counted, the results will be announced via the [Let's Talk Redbridge \(LTR\)](#) platform. We will then invite applications for funding. A full timetable for the funding round will be shared shortly.

What funding will be available and how do I apply?

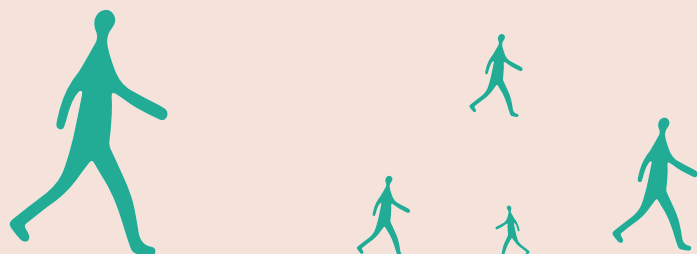

Provided that you meet the application criteria, you can apply for up to £20,000 towards your project. This can be used to support existing projects or to fund new initiatives.

To obtain a funding award, project proposals must meet the council's project assessment criteria and align with the top funding priorities, as voted for by the community. Valid applications will be considered by the Funding Panel, who will make the final decision on whether to fund the project.

You need to be part of a constituted group to apply – this might include voluntary groups and resident's associations. You may apply as an individual via a constituted group, provided that you have the support of the group to do so. Organisations applying for funding must be located within the borough, and the projects for the benefit Redbridge residents.

Please consult the [LTR page](#) for further updates. Should you wish to be added to our database, please send your contact details to dpd@redbridge.gov.uk

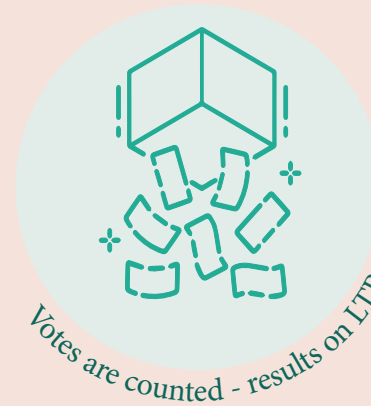

We look forward to hearing from you.
